

Sant Ignasi-Sarrià

Dear sirs,

The Institut Politècnic Sant Ignasi is a learning centre for professional students that depend on the Jesus Company. Combining prestige and a sense of innovation, it has the mission of educating and professionalises persons, in excellence making it possible to render quality service to the enterprise area, establishing the bases of a continuous training.

The objective of this letter is to introduce some profiles of our students looking for professional placements in the audiovisual industry.

The main objective of the practical work placement module in our programmes is to offer compliments to the academic content students receive, to expose them to the European market, and to open the doors to greater adaptability and flexibility.

Often times it is the first international professional exposure the student has to the European market. Cultural, professional and linguistic differences during the work placement allow the student to acquire knowledge and important skills for the future, as well as the opportunity to master one or more European languages.

We believe it is an integral part of our programmes and to the personal and professional preparation for the demands of an international industry.

Students from our Audiovisual Area are looking for professional career placements. Their profiles are of four areas: Image, Multimedia Production, Audiovisual Production Studies and TV – Cinema – Radio – Show Management. They must fulfil an obligatory 10-12 weeks in-company research traineeship to satisfy programme requirements in either management or operational positions.

We would be grateful if you could consider our students on possible training in your company. Let us know if you have any position available and we can select the students that accomplish the requirements for your demanded.

I am available for any clarification you may wish to make.

Thank you for your time and consideration.

Kind regards

Teresa Petit
International Coordinator for Audiovisual Area
IPSI Sant Ignasi Sarrià
